KCI Express® – Your Online Resource for KCI V.A.C.® Therapy

KCI Express® is a convenient, web-based system that allows you to manage orders for KCI V.A.C.® Therapy rentals and supplies. KCI Express® works across multiple care settings, allowing you to use an integrated system to manage your patients' wound treatment needs for both inpatient and transition settings.

KCI Express® Features:

- Place & track orders for V.A.C.® Therapy rental units, supplies, and disposables as well as KCI Therapeutic Support Surfaces (beds and mattresses)

- Manage & track units, utilization, billing units, and purchase orders using on demand reports

- Configurable alerts and notifications (length of therapy)

- View product information and place orders directly from the KCI product catalog

- Request service, unit pick-ups, and therapy discharge

- View historical data and reconcile service dates

- Automate patient transitions from the facility to home

- Expedite and manage transitions using the KCI Ready Care™ Program

Improve Efficiency Using Built-in Reports

Patient Listing	View facility patients on V.A.C.® Therapy. Track and update unit locations. View and edit order details. Request service and stop therapy.
Therapy Threshold Exceeded	View patients that have exceeded therapy thresholds as configured by your facility.
Wound Details and Prescribing Physician Tracking	View and edit wound information including wound type and size, and ordering prescriber information for V.A.C.® Therapy orders.
PO Missing	View and edit order information including purchase order and billing unit.

Reports can be downloaded to spreadsheets for additional analysis.

What are KCI Express® Users Saying...

Kimberly C., Central Supply
"I use KCI Express® to place orders for KCI products, it is faster than calling in, it cuts my ordering time for KCI products in half."

Howard K., Purchasing Agent
*"Per my perspective, using KCI Express® is a miracle that solves billing problem(s) in advance."*

Tina K., Materials Management
"The KCI Express® website makes ordering and placing bed pick ups a very simple and quick process. I can see in seconds if a bed has been delivered or picked up. The website makes it very easy to contact KCI Express® Customer Service when I have a problem or a question."

Manage Critical Information Easily with KCI Express® Reports

Quickly view and modify order details for all KCI orders.

Track therapy locations and billing units in the facility.

Easily print information and export data to spreadsheets for additional analysis.

View length of therapy and identify patients who require follow-up.
